

Castle Heights

Our client owns and manages a number of properties in the North Devon area and wanted to achieve a cohesive style across all her properties but at the same time did not want the properties to look bland or formulaic. Most importantly our client was looking for a subtle and easy to live with design that would appeal to all guests. Castle Heights is a newly built split level apartment with views of Exmoor. Our scheme draws on the rich hues of the moors, incorporating the rusts into the family room in the basement and the browns in the main living area and the pinky aubergines in the bedroom.
